Once your submission has been received the submission becomes a public document and may be made publicly available to anyone who requests it. You may request that your contact details be kept confidential, but your name, organisation and your submission itself will become a public document.

Submission on application number:	APP202142
Name of submitter or contact for joint submission:	Ngati Huarere Lori Anderson
Organisation name (if on behalf of an organisation):	Ngati Huarere Ki Whangapua
Postal address:	[REDACTED]

Telephone number: [REDACTED]

Email: [REDACTED]

I wish to keep my contact details confidential

The EPA will deal with any personal information you supply in your submission in accordance with the Privacy Act 1993. We will use your contact details for the purposes of processing the application that it relates to (or in exceptional situations for other reasons permitted under the Privacy Act 1993). Where your submission is made publicly available, your contact details will be removed only if you have indicated this as your preference in the tick box above. We may also use your contact details for the purpose of requesting your participation in customer surveys.

The EPA is likely to post your submission on its website at www.epa.govt.nz. We also may make your submission available in response to a request under the Official Information Act 1982.

- I support the application
- I oppose the application
- I neither support or oppose the application

The reasons for making my submission are¹:

On behalf of my whanua Ngati Huarere Ki Whangapuoa, I ask that the EPA reject this application APP202142 because it is leathal to the our AOTEAROA, New Zealand bees, human being and the unborn child. This is our future of Maori, without them, our people are no longer able to do our duty as Kaitiaki. To fulfill the responsibilities given to us by our ancestors. These earthly bees and our native bees work in harmony together it is the Mauri of our people to not disrupt the nature we have inheirited. United States EPA, even Greece etc lists this as a nerve agent. It is HIGHLY TOXIC to bees, wildlife, humans. Recent 2013 studies show neurobehavioral development of fetuses and children.Even through low levels of exposures.These are nerve agents after all. On behalf of our Iwi Ngati Huarere Ki Whangapoua we oppose the APP202142 Application.

- I wish to be heard in support of my submission (this means that you can speak at the hearing)
- I do not wish to be heard in support of my submission (this means that you cannot speak at the hearing)

I wish for the EPA to make the following decision:

To OPPOSE the application APP202142

¹ Further information can be appended to your submission, if you are sending this submission electronically and attaching a file we accept the following formats – Microsoft Word, Text, PDF, ZIP, JPEG and JPG. The file must be not more than 8Mb.
