Clause
What is your position on the application

Position
I oppose the application

Notes
Domestic cat's roam far further than the new, shorter 500 meter distance proposed to be included in the requirements for notifications to householders when PredaSTOP baits are being laid as part of a cat control operation. This will be a real threat to the health of our domestic cats. There are myriad of better ways to deal with this issue, without putting loved family pets at risk like this.

Clause
All submissions are taken into account by the decision makers. In addition, please indicate whether or not you also wish to speak at a hearing if one is held.

Position
No I do not wish to speak about my submission at the hearing
