What is your position on the application

Position

I oppose the application

Notes

I strongly oppose the proposition. I own a cat, he is microchipped and neutered. We live on the edge of a bush reserve. I don't believe he wanders far; he's getting older and is a bit of a home bod. But 500m is ridiculously close to his home, well within even a narrow territory. Focus on the problem - irresponsible owners - not on profiting from killing any and every cat randomly within reach. Maximise educational resources, not a private company's income.
