What is your position on the application

Position

I oppose the application

Notes

I own a property that adjoins a public Reserve. I support pest control in general and understand that there is a need to control feral cats. I believe that the use of Predastop within 3KM of dwellings will not specifically target feral cats, but will likely include areas where domestic cats might roam away from homes. I believe the existing regulations to notify property owners within 3KM of the deployment of predastop should be maintained so that owners of domestic cats are informed and can take measures to protect their animals from inadvertent exposure to Predastop.

Clause

All submissions are taken into account by the decision makers. In addition, please indicate whether or not you also wish to speak at a hearing if one is held.

Position

No I do not wish to speak about my submission at the hearing
