Clause

What is your position on the application

Position

I oppose the application

Notes

As a cat owner, I feel that my (and others') cat/s would be at risk of harm if your proposal to reduce the distance from homeowners' and commercial premises to lay your product were to be reduced. You have no control over the movements of domestic cats and would not be able to guarantee their safety. I note that your proposal would increase the amount of your 'product' that would need to be used - therefore increasing your sales/income whilst also increasing the risk to cats (and dogs?). This appears to me to be a cynical attempt to sell your product . . . to sell more of your product. No thank you - leave the legislation/guidelines alone. I definitely do NOT support your proposal!

Clause
