Overall Notes:

Clause

What is your position on the application

Position

I oppose the application

Notes

I do not agree with the use of poison to control the feral cat population. TNR programmes have shown to be an effective and humane response to address feral cat populations. The proposal to lay bait within 500 metres of a property means there is a very high risk that pets will be poisoned.

Clause

All submissions are taken into account by the decision makers. In addition, please indicate whether or not you also wish to speak at a hearing if one is held.

Position

No I do not wish to speak about my submission at the hearing
