What is your position on the application

Position

I oppose the application

Notes

500m is an absolutely ridiculous area for domesticated cats to stay in, they can't be trained and without warning we aren't able to keep our loved animals inside (which is cruel in its own right) Also who is to pay for the \$700/\$1200 domesticated purebred cats that may die from poison being too close to their home? I feel mandatory microchipping and perhaps cages in the closer vicinity to residential areas and the area kept at 2km
