What is your position on the application

Position

I oppose the application

Notes

1. Cats are a permitted domestic pet. Cats wander day and night as far afield as 3 K. Therefore the 3 K barrier must be retained. Fair is fair. 2. Cats are a number one predator of birds. The country needs to decide: do we want birds or cats. If we want birds we need to limit our human behaviour and stop keeping cats. 3. Culling animals by poisoning them is cruel and barbaric. No use of poison is acceptable. 4. Cats can be culled by trapping. Registered cats can be returned to their owners. However this wont stop cats catching birds. I have watched my friends over-feeding their cats. Even sloth doesnt stop some cats from catching birds. .

Clause
