**The reasons for making my submission are<sup>1</sup>: (further information can be appended to your submission, see footnote).**

I represent Triple Ocean Traders Limited, a supplier of chemicals to biosecurity treatment providers.

Along with methyl bromide, Triple Ocean Traders also supplies phosphine which has been used to replace over 75% of the methyl bromide that would have been used for log fumigations.

Triple Ocean Traders Limited strongly supports the application. A timely and specific reassessment is a practical and reasonable step towards providing a solution to the economic and environmental issues facing our small trading nation.

**All submissions are taken into account by the decision makers. In addition, please indicate whether or not you also wish to speak at a hearing if one is held.**

- I wish to be heard in support of my submission (this means that you can speak at the hearing)
- I do not wish to be heard in support of my submission (this means that you cannot speak at the hearing)

**If neither box is ticked, it will be assumed you do not wish to appear at a hearing.**

---

---

**I wish for the EPA to make the following decision:**

That the definition of effective recapture be defined as achieving removal of 75% of methyl bromide available in the headspace at the end of fumigation.
