Hi,

WorkSafe has no comments related to the request for a further waiver of the deadline for recapture controls to come into force.

Ngā mihi  
Susan

Kia ora,

The applicant for the reassessment of methyl bromide, in the 21st Memorandum of Counsel, has applied for a waiver of the deadline when the recapture controls must be complied with, whilst the reassessment continues. The DMC is seeking comments from submitters to the reassessment on whether the waiver, if granted, would create any undue prejudice, and asking submitters to provide comments on the waiver application.

Comments, related to this waiver and not the substantive reassessment, must be sent to the EPA ([reassessments@epa.govt.nz](mailto:reassessments@epa.govt.nz)) by 5 pm on 5 November 2020.

This information is now available on our website.
