**Notes**

As a member of the public, the safety protocols that users of Hi-Cane follow, don't apply to me. Therefore, when I drive down the road, past the numerous new kiwifruit orchards, I am at major risk whenever spraying is occurring. I don't know when that may be, and, as there have been so many new orchards put in along many main roads in our area, this risk is increasing. I bought in an area that I thought was far enough away from orchards, but they are popping up closer to my property so my risk is growing at home too.
