**Clause**

What is your position on the proposals set out in the reassessment application? Please outline your reasons in the text box below.

**Position**

I support the application

**Notes**

We are always well behind when it comes to decisions to protect environmental and human health in our so called "clean green" country. This should have been banned long ago. I was born in 1988, the same year this came into the country- why has it taken my lifetime to realise it's not good? Environmental & human health should always take priority over profit.

**Clause**

All submissions are taken into account by the decision makers. In addition, please indicate whether or not you also wish to speak at a hearing if one is held.

**Position**

No I do not wish to speak about my submission at the hearing
