What is your position on the proposals set out in the reassessment application? Please outline your reasons in the text box below.

**Position**

I support the application

**Notes**

In my experience kiwifruit orchards do not make good rural neighbours. In the Bay of Plenty the numbers are increasing at a great rate. Many orchard managers do not live in close proximity to the orchard and do not take into consideration their impact on neighbours. We have kiwi fruit orchards as neighbours and have asked repeatedly to be notified when spraying will occur, this has not happened. We see spraying being carried out in windy conditions. Hydrogen cyanamide is not a chemical anyone would choose to be exposed to and we fully support the proposal that its use be discontinued.
