Clause

What is your position on the proposals set out in the reassessment application? Please outline your reasons in the text box below.

Position

I oppose the application

Notes

There is no alternative product on the market that is anywhere close to being effective. Will drop on the average orchard 4 to 5 thousand trays in production and increase labor cost by more than double. Taking this product off the market will have a huge impact to the supply of kiwifruit globally and growers will take a huge financial loss! The measures around using the product safely are sound and as long as you are not standing behind the sprayer getting covered in the product or chewing on the plants there's no risk. Since 1988 who's become ill that can be linked back to this product?

Clause

All submissions are taken into account by the decision makers. In addition, please indicate whether or not you also wish to speak at a hearing if one is held.

Position

Yes I wish to speak about my submission at the hearing

Notes

Myself or another representative will like to speak at the hearing!
