Notes

Our Region no longer experiences typical Winter weather conditions due mainly to climate change, and without the continued use of Hi-Cane I don't believe our orchard(s) will produce viable crops. Our area currently rely heavily on the Kiwifruit industry for income and employment. Many our our people have been able to return to our lwi because they can now get paid employment here. Other industries are niche, and can not employ large numbers of people here. Until there is a product that can equal or better Hi-Cane, I would like for its use to be continued.

Clause
