Dear Richard

REQUEST FOR ADVICE REGARDING THE TRANS-TASMAN RESOURCE LIMITED (TTRL) APPLICATION – EEZ000011

Thank you for your request for the following advice and information from Horizons Regional Council (Horizons):

1. A schedule of coastal permits for any dredging within the Coastal Marine Area (CMA) including, if possible, a map showing their location in relation to TTRL's proposed mining area;
2. The key metrics for the scale and nature of the dredging.

There are no active consents for dredging in Horizons Region's CMA. The only recent consented activities were maintenance dredging and deposition of dredged material in relation to Whanganui's Port. Both consents for these activities expired on 1 February 2015.

Yours sincerely

A handwritten signature in blue ink that reads "Nic Peet".
