Notes

Clause

We will send you regular updates by email

Position

I can receive emails and my email address is correct.

Notes

Clause

What decision do you want the EPA to make and why? Provide reasons in the box below.

Position

Refuse

Notes

Detrimental effects to marine life and water chemistry. Effects on environment, ecology, wildlife. The significant increased sediment dumpage may result in adverse surf effects/wave quality on Great BarrierIsland. Long term cumulative effects and the potential for swells to be redirected regarding the proposal aren't sufficiently understood - they're based on 1/5 the amount of dumpage each year. If your going to pay money to pick up this stuff and move it,Don't go dropping it on my doorstep. Travel much further out to sea or nearer uninhabited places to dump someone else's problem.
