Turbine and Generator package is here

Mr Heaps identified this as a package

Thermal Energy Corporation's Paul G Bell Jnr Energy Plant, Houston, Texas

The turbine and generator package is the small white box in the bottom left of the facility pictured above. Using the scale on Google Maps this package is approximately **115m** from the road in the direction of the blast path and **110m** from the bridge to the left.

Donald von Raesfeld Power Plant, Santa Clara, California
