**Subject:** RE: Approach to addressing noise and vibration

Hi Amy,

Please accept our apologies for not responding by 2pm today.

We are still reviewing the JWS Noise and are meeting with Craig McGarr and Jon Styles this afternoon for that purpose. However, we understand that there is a large measure of agreement between the witnesses on noise issues, including conditions.

To the extent that the majority, if not all, of the issues are now agreed, we agree that "hot tubbing" of these witnesses is likely to be an efficient means of those witnesses presenting the outcomes of the JWS and questioning of them.

We trust that this is of assistance. Please let us know if you require anything further.

Kind regards,

Jen Vella
