

BOARD OF INQUIRY

NORTHERN CORRIDOR IMPROVEMENTS PROPOSAL

IN THE MATTER

of the Resource Management Act 1991

AND

IN THE MATTER

of a Board of Inquiry appointed under s149J of the Resource Management Act 1991 to consider resource consents and notices of requirement lodged by the New Zealand Transport Agency in relation to Northern Corridor Improvements in Auckland.

THE BOARD OF INQUIRY

Judge M Harland (Chair)  
C Stewart  
N Mark-Brown

---

**BOARD MINUTE AND DIRECTION 06: TIMETABLE FOR CONFERENCING**

**08 JUNE 2017**

---

1. Following Board Memorandum 03 and Board Minute and Direction 05 regarding conferencing, the Northern Corridor Improvements proposal Board of Inquiry has identified and confirmed the groupings and witnesses to attend expert conferencing. The confirmed groupings, witnesses and timetable for conferencing are set out in Appendix 1 to this Minute.
2. The Board received requests from Kiwi Self Storage Limited asking that Mr Michael Hall attend all of the Transport and Traffic sessions and from Auckland Transport asking that Mr Andrew Maule attend the Transport and Traffic – Construction session. The Board has considered these requests and agrees that these experts should be added to the requested sessions.
3. Following the receipt of the evidence of Mr Geoff Land on behalf of Kiwi Self Storage, the Board can confirm his required attendance at the Landscape, Visual and Urban Design session.
4. Expert conferencing will take place between 19 June and 7 July 2017 in Auckland. As outlined in paragraph 55 of the Inquiry Procedures if any party wishes to change the Expert Conferencing schedule, any request to do so should be made to the Board by **2pm 12 June 2017**.
5. The Board confirms that any issues to do with the models relied upon by any party in relation to any of the above identified topics can be addressed as part of the conferencing for that topic.

---

### Expectations of the Board

6. Only the witnesses identified are permitted to attend the conferencing sessions, and all identified witnesses are expected to attend.
7. As a reminder the Board has issued Memorandum 03 that provides guidance to counsel and experts on the procedures for expert conferencing and sets out the Board's and facilitator's expectations. Parties identified as being required for expert conferencing in Appendix 1 are expected to begin working on the requirements set out in Memorandum 03, prior to their expert conferencing session.
8. The EPA will email each of the respective groups and the facilitators in due course with the finalised Joint Witness Template.
9. The Board requested that parties who would like to attend submitter sessions on Transport and Traffic (including the busway and shared use path) and Noise and Vibration contact the EPA by Monday 5 June 2017. As there has not been sufficient interest in these sessions the Board has determined these will no longer be held.

**For the Board:**

---

Judge M Harland

Chairperson

**Board of Inquiry for the Northern Corridor Improvements Proposal**

**Dated:** 8 June 2017
