

## Updated References – Noise and Vibration Joint Witness Statement

As a result of the conditions associated with the Noise and Vibration Joint Witness Statement (referenced as Section 28 Conditions) being reviewed after the Joint Witness Statement was completed, some cross-referencing has been changed.

The corrected cross-references between Joint Witness Statement and the Addendum are included in the table below.

### Updated Clauses

---

References to Annexure 6 in section 26 (b), (o), (p) and (x) should reference Annexure 7.

---

References to Annexure 7 in section 27 (m) (ii) should reference Annexure 6.

---

Operational vibration, as referenced in section 27 (r) to be addressed in section 28, did not occur during conferencing

---

The reference to Condition CNV.6 in section 9(II) should reference CNV.4

---

Experts' opinion, as referenced in section 29 to be provided, did not occur during conferencing.

---
