### Notes

I support the Forest & Bird submission to grant the application. My submission relates to all of the application. I support the application. I seek that the Special Tribunal recommends granting the order to the Minister of the Environment. ### Notes

This spring is a very significant natural asset, which has very high water quality supporting an important indigenous habitat. These values would be adversely affected by increased draw off of water in the catchment for irrigation. Water quality and habitat values need to be safeguarded by restricting the supply of water for irrigation, or any other purpose, either urban or farming related.

### Clause

Grant the order
