Notes

I support the Forest & Bird submission to grant the application. In particular I support measures for the wider catchment which will protect: the water clarity and purity the scientific, ecological and biodiversity values habitat for indigenous flora and fauna cultural values wild, scenic and natural characteristics My submission relates to all of the application. I support the application. I seek that the Special Tribunal recommends granting the order to the Minister of the Environment. I do not want to present my views at the public hearing.

Clause

What is/are your view/s on the application?

Position

Support

Notes

I love visiting the springs on a regular basis and really appreciate the natural beauty of the reserve and the pure clarity of the water. It is vitally important that this taonga is protected for generations to come. I believe that allowing increased water allocation to anyone - farmers or companies wanting to bottle and sell the water- could lower the water quality in the future. Please protect these springs by NOT permitting any increases in uptake of water from the Takaka aquifer

Clause

I/we seek the following recommendation from the Special Tribunal to the Minister for the Environment

Position

Grant the order
