Subject: Submission from <https://action.forestandbird.org.nz/tewaikoropupu/>

My submission:

I support the Forest & Bird submission to grant the application. In particular I support measures for the wider catchment which will protect:

- the water clarity and purity
- the scientific, ecological and biodiversity values
- habitat for indigenous flora and fauna
- cultural values
- wild, scenic and natural characteristics

My submission relates to all of the application. I support the application. I seek that the Special Tribunal recommends granting the order to the Minister of the Environment. I do not want to present my views at the public hearing.

It's incredibly important that the Hearing Panel understand your personal views about Te Waikoropupū Springs. Please tell them below what's important to you::
As a Forestry science undergraduate, I understand the importance and need to maintain the current biodiversity, and I don't think it should be effected by our leading export in agriculture. This is great!
