Notes

I support the Forest & Bird submission to grant the application. In particular I support measures for the wider catchment which will protect: the water clarity and purity, the scientific, ecological and biodiversity values, habitat for indigenous flora and fauna, cultural values, wild, scenic and natural characteristics. My submission relates to all of the application. I support the application. I seek that the Special Tribunal recommends granting the order to the Minister of the Environment. I do not want to present my views at the public hearing.

Notes

I can't believe there is any question that we should act to protect this amazing place for future generations! It is unique; New Zealand is so slow to realise the real value of these places - we always wait until they have been damaged or destroyed. It would be incredibly short sighted to allow it to be undermined in any way!

Grant the order
