Notes

I support the Forest & Bird submission to grant the application. My submission relates to all of the application. I support the application. I seek that the Special Tribunal recommends granting the order to the Minister of the Environment. I do not want to present my views at the public hearing.

Notes

These springs are most precious to all New Zealanders. To me personally I would want the purity of these springs to still be available to my great grandchildren. The increase in nitrates and possible metal leaching could ruin this world famous site. My children and grandchildren live overseas and when they or their descendants ever come home these springs must still be part of their NZ heritage. Regards val eruera Ps I would like to present in person if that is possible
