**My submission:**

I support the Forest & Bird submission to grant the application. In particular I support measures for the wider catchment which will protect:

- the water clarity and purity
- the scientific, ecological and biodiversity values
- habitat for indigenous flora and fauna
- cultural values
- wild, scenic and natural characteristics

My submission relates to all of the application. I support the application. I seek that the Special Tribunal recommends granting the order to the Minister of the Environment. I do not want to present my views at the public hearing.

It's incredibly important that the Hearing Panel understand your personal views about Te Waikoropupū Springs. Please tell them below what's important to you::

I believe these beautiful springs are a true asset to NZ and need to be protected from intensive farming. Changes in the environment take time to process, changes are already showing in the springs with increasing nitrate levels. When need to protect this incredibly special place for future generations.
