Subject: Submission from <https://action.forestandbird.org.nz/tewaikoropupu/>

My submission:

I support the Forest & Bird submission to grant the application. In particular I support measures for the wider catchment which will protect:

- the water clarity and purity
- the scientific, ecological and biodiversity values
- habitat for indigenous flora and fauna
- cultural values
- wild, scenic and natural characteristics

My submission relates to all of the application. I support the application. I seek that the Special Tribunal recommends granting the order to the Minister of the Environment. I do not want to present my views at the public hearing.

It's incredibly important that the Hearing Panel understand your personal views about Te Waikoropupū Springs. Please tell them below what's important to you::	Protection of the Springs and of fresh water in general is very important to me and my family. Having 2 young children growing up here in NZ I want to see NZ's environment protected... and NZ growing towards a sustainable future . That includes a rethink about irrigation processes and better ways to conserve water and protect the springs and rivers and the flora and fauna that lives in and around them. Don't act shortsighted - think about future generations and the impact our decisions have on the environment now.
