

Water Conservation Order: Te Waikoropupū Springs and Associated Waterbodies

Submission Reference no: 126

Joshua Babbage

Submitter Type: Individual

Source: Web Form

Clause

The specific parts of the application that my/our submission relates to are:

Notes

The underground water and the caverns it runs through are called the aquifer, and the small animals and bugs living in the aquifer (stygo fauna) are an essential part of producing the outstandingly clear water. The aquifer must be cared for so that it remains a healthy place for the stygo fauna to live. The Water Conservation Order (WCO) calls for the aquifer to be protected.

Clause

What is/are your view/s on the application?

Position

Oppose (Please provide the reasons why with reference to section 199 and 207 of the RMA)

Notes

The underground water and the caverns it runs through are called the aquifer, and the small animals and bugs living in the aquifer (stygo fauna) are an essential part of producing the outstandingly clear water. The aquifer must be cared for so that it remains a healthy place for the stygo fauna to live. The Water Conservation Order (WCO) calls for the aquifer to be protected.

Clause

I/we seek the following recommendation from the Special Tribunal to the Minister for the Environment

Position

Decline the order

Notes

Clause

Would you like to present your views on this submission to the Special Tribunal at a public hearing?

Position

I/we do not want to present my/our views at a public hearing

Notes

The underground water and the caverns it runs through are called the aquifer, and the small animals and bugs living in the aquifer (stygo fauna) are an essential part of producing the outstandingly clear water. The aquifer must be cared for so that it remains a healthy place for the stygo fauna to live. The Water Conservation Order (WCO) calls for the aquifer to be protected.
