Overall Notes:

Clause

What is/are your view/s on the application?

Position

Support

Notes

NZ sources of fresh water are a natural taonga and are being degraded through wide-scale agricultural, viticultural and dairy development throughout the country . Waikoropupu Springs is a pristine example of what is worth preserving and how important it is to rehabilitate other waterways. Economic value is often the sole measurement of worth and is totally inadequate.We all live downstream in the sense of wearing the results of pollution generated by greed.

Clause

I/we seek the following recommendation from the Special Tribunal to the Minister for the Environment

Position

Grant the order

Notes

Clause

Would you like to present your views on this submission to the Special Tribunal at a public hearing?
