My submission relates to all of the application. I support the application. I seek that the Special Tribunal recommends granting the order to the Minister of the Environment. Notes

Protecting our natural environment is critical for too many reasons to name. Here are a few: our physical, emotional and spiritual wellbeing, and the wellbeing of the creatures who call these springs their home, protecting our 'Clean Green' image for the sake of tourism. I find it completely inconceivable why anyone would consider doing something so shortsighted as to put these precious springs in danger. Please protect them.
