Subject: Submission from <https://action.forestandbird.org.nz/tewaikoropupu/>

My submission:

I support the Forest & Bird submission to grant the application. In particular I support measures for the wider catchment which will protect:

- the water clarity and purity
- the scientific, ecological and biodiversity values
- habitat for indigenous flora and fauna
- cultural values
- wild, scenic and natural characteristics

My submission relates to all of the application. I support the application. I seek that the Special Tribunal recommends granting the order to the Minister of the Environment. I do not want to present my views at the public hearing.

It's incredibly important that the Hearing Panel understand your personal views about Te Waikoropū Springs. Please tell them below what's important to you::

The clarity of Te Waikoropupu Springs and the volume of water is absolutely unique we cannot afford to allow such a gem to become depleted or polluted in any degree . Our future generations need to see such places in a ever polluted world, knowing there are still people who care enough to protect them
