Notes

these natural treasures are NOT for exploitation. it's disgusting how irreplaceable natural places are being destroyed through one generation's greed and shortsightedness. water belongs to EVERYONE. can a person own the sky? or the sea? it's the same thing. we have no right to diminish or otherwise harm these unique natural places which cannot be rebuilt or replaced once gone. i am strongly strongly against any commercial or industrial use of these waters and the local natural heritage environment in which they flow.
