Oppose (Please provide the reasons why with reference to section 199 and 207 of the RMA)

Notes

I oppose the submission Water Conservation Order Te Waikoropupū Springs and Associated Waterbodies. with reference to the RMA section 207. section b, the needs of the community. It is my opinion that the current protections on these spring have removed all public benefit. You can no longer touch, the water, drink the water or see the springs well. My primary concern is that the viewing mirrors have been removed making this wonderful place no different to any other pond from the perspective of the viewer. I can't image what this special place, that frankly is not worth visiting under the restrictions in place now, would be like under additional protection.

Decline the order
