**My submission:**

I support the Forest & Bird submission to grant the application. In particular I support measures for the wider catchment which will protect:

- the water clarity and purity
- the scientific, ecological and biodiversity values
- habitat for indigenous flora and fauna
- cultural values
- wild, scenic and natural characteristics

My submission relates to all of the application. I support the application. I seek that the Special Tribunal recommends granting the order to the Minister of the Environment. I do not want to present my views at the public hearing.

It's incredibly important that the Hearing Panel understand your personal views about Te Waikoropupū Springs. Please tell them below what's important to you::

It is important to keep this natural pure spring Pure. Protecting this beautiful spring shouldn't be up for debate. Water quality over the entire country is degrading. If farmers feel the need to irrigate, they are doing something wrong, and need to relook at how they are doing things and what they are growing. This is the last pure spring in the country. It needs to be protected. End of story!
