**Sent:** Wednesday, 14 February 2018 6:54 PM  
**To:** >  
**Subject:** Submission from <https://action.forestandbird.org.nz/tewaikoropupu/>

**My submission:**

I support the Forest & Bird submission to grant the application. In particular I support measures for the wider catchment which will protect:

- the water clarity and purity
- the scientific, ecological and biodiversity values
- habitat for indigenous flora and fauna
- cultural values
- wild, scenic and natural characteristics

My submission relates to all of the application. I support the application. I seek that the Special Tribunal recommends granting the order to the Minister of the Environment. I do not want to present my views at the public hearing.

It's incredibly important that the Hearing Panel understand your personal views about Te Waikoropupū Springs. Please tell them below what's important to you::	We need to protect our waterways for our children and future generations.No more irrigation. No increase in animal agriculture and if the irrigation already in place is not enough for current stock levels then a decrease in animal numbers is needed. Intensive dairying is contributing to our poor water quality and we need to adopt better farming practices to save our waterways. These particular springs are pristine and must be protected to protect the ecosystem within and the surrounding ecosystem. Lets get NZ back to being clean and green!
