Clause

Would you like to present your views on this submission to the Special Tribunal at a public hearing?

Position

I/we do not want to present my/our views at a public hearing

Notes

I was a member of A.C.K.M.A. Australian Cave & Karst Association for 15 years. We owned Rawhiti Cave at Motupipi for 40 years. I know how important it is to not take water from the Aquifer. The water drains from Harwood's Hole down the Takaka Valley through the Pu Pu Springs to the submarine springs out in Golden Bay. It goes underground just down from Lindsay's Bridge. Leave the water well alone. It's only greed to take water from the Takaka Valley or the Waikoropupu Springs or surrounding creeks or rivers. Cut back on the number of dairy cows to what it used to be back in the 1960s. Other wise it won't be beautiful Golden Bay any more. Act now before it's too late. Jane Baird I found this form hard to decipher so please delete my other form I sent last week please my Ref Number is 51 Thank you.
