Notes

I support the submission to protect Te Waikoropupu springs, the river that flows from it, and the surface waters, aquifers and floodplains that feed it. It is vitally important to our individual, community and economic wellbeing that we protect our natural heritage, the unique biodiversity that this ecosystem supports, and support the mana of Ngati Tama and their role as Kiatiaki of the region. We must not sacrifice our environment and our values in the pursuit of economic gain, because in the long term we will lose all three.
