Notes

I support the Forest & Bird submission to grant the application. In particular I support measures for the wider catchment which will protect: the water clarity and purity, the scientific, ecological and biodiversity values, habitat for indigenous flora and fauna, cultural values, wild, scenic and natural characteristics. My submission relates to all of the application. I support the application. I seek that the Special Tribunal recommends granting the order to the Minister of the Environment. I do not want to present my views at the public hearing.

Notes

Our waterways are under continual threat from farming, thoughtless clearing of land and the demise of four riparian ways with only 10% still remaining in NZ. We need to protect what we have. The Te Waikoropupu Springs are under threat from all of the above - as New Zealanders we need to protect these iconic pristine waterways because let's face it we're doing a poor job thus far.

Clause

I/we seek the following recommendation from the Special Tribunal to the Minister for the Environment

Position

Grant the order
