Notes

It is beyond belief that this kind of special area could possibly be allowed to be polluted by agricultural industry!! The fact that submissions even need to be put in to protect the Te Waikoropupu Springs is incredible! This is all about MONEY and nothing else. The people in the Tasman and District Councils should be fired for even considering this DESTRUCTIVE action to an important part of the New Zealand environment. New Zealand is being destroyed by this very source of pollution - lake by lake. What is the IQ of the people allowing this to happen!!!!!!!!!!!!!! We need leaders and councils who are smart and come up with decisions and strategies that improve our country - not destroy it.

Clause

I/we seek the following recommendation from the Special Tribunal to the Minister for the Environment

Grant the order
