Notes

I support the Forest & Bird submission to grant the application. In particular I support measures for the wider catchment which will protect: the water clarity and purity, the scientific, ecological and biodiversity values, habitat for indigenous flora and fauna, cultural values, wild, scenic and natural characteristics. My submission relates to all of the application. I support the application. I seek that the Special Tribunal recommends granting the order to the Minister of the Environment. I do not want to present my views at the public hearing.

Notes

Every time I visit the springs, I'm overawed by the beauty and the power. I really think we need to stop being so short sighted about the wonders of nature we have that we seem determined to destroy with the mania for farming every available hectare of New Zealand. Can we not genuinely preserve such wonders instead of putting financial considerations first?

I/we seek the following recommendation from the Special Tribunal to the Minister for the Environment

Position

Grant the order
