My submission relates to all of the application. I support the application. I seek that the Special Tribunal recommends granting the order to the Minister of the Environment. Notes

I first saw this spring in 1961 and it is a national treasure. It must remain free of any risk to its integrity both as a natural wonder and also as a cultural icon. Any human activity that puts it at the slightest possible risk is vandalism of the worst possible kind. The precautionary principle must be applied.
