Position

Support

Notes

As a country our consideration for wetlands, streams and rivers has been appalling. Typically when people have taken advantage of natural resources the consequences have not become obvious for many years, and when they have it is too late. The best we can do is a compromise. We have the opportunity to protect Te Waikoropupu Springs for us and our future generations. A major change is needed in our culture to understand the importance of natural resources, and there vulnerability.

Clause

I/we seek the following recommendation from the Special Tribunal to the Minister for the Environment

Position

Grant the order
