Notes

Te Waikoropupu Springs are a magical place of beauty and pristine clarity. It is mind boggling to be able to see beneath the water from the land. It is vital that this special place is protected for the future, which is why a water conservation order is so important. Land intensification from irrigation could destroy this waterway as has happened so obviously in Canterbury, where I live. Please do not allow any further biodiversity loss in Golden Bay.

I/we seek the following recommendation from the Special Tribunal to the Minister for the Environment

Grant the order
