Subject: Submission from <https://action.forestandbird.org.nz/tewaikoropupu/>

My submission:

I support the Forest & Bird submission to grant the application. In particular I support measures for the wider catchment which will protect:

- the water clarity and purity
- the scientific, ecological and biodiversity values
- habitat for indigenous flora and fauna
- cultural values
- wild, scenic and natural characteristics

My submission relates to all of the application. I support the application. I seek that the Special Tribunal recommends granting the order to the Minister of the Environment. I do not want to present my views at the public hearing.

It's incredibly important that the Hearing Panel understand your personal views about Te Waikoropupū Springs. Please tell them below what's important to you::	Te Waikoropupu Springs are wahi tapu, sacred and special. The water clarity is amazing and a testament to the purity and uniqueness of the springs. We cannot take the chance that they will be affected by any water take in the aquifer. We must protect sacred sites like this for our grandchildren because when they are gone we will not be able to get them back. Money and greed have taken so many important areas - this must be protected.
