**My submission:**

I support the Forest & Bird submission to grant the application. In particular I support measures for the wider catchment which will protect:

- the water clarity and purity
- the scientific, ecological and biodiversity values
- habitat for indigenous flora and fauna
- cultural values
- wild, scenic and natural characteristics

My submission relates to all of the application. I support the application. I seek that the Special Tribunal recommends granting the order to the Minister of the Environment. I do not want to present my views at the public hearing.

It's incredibly important that the Hearing Panel understand your personal views about Te Waikoropupū Springs. Please tell them below what's important to you::

The springs are extremely unique and are known worldwide. I have travelled the world and sites of this type of natural beauty are extremely rare. In the writer's opinion we, as a community, are duty bound to protect sites of this uniqueness for future generations. It is unacceptable to risk a site of this nature for short term economic gain.
