Subject: Submission from <https://action.forestandbird.org.nz/tewaikoropupu/>

My submission:

I support the Forest & Bird submission to grant the application. In particular I support measures for the wider catchment which will protect:

- the water clarity and purity
- the scientific, ecological and biodiversity values
- habitat for indigenous flora and fauna
- cultural values
- wild, scenic and natural characteristics

My submission relates to all of the application. I support the application. I seek that the Special Tribunal recommends granting the order to the Minister of the Environment. I do not want to present my views at the public hearing.

It's incredibly important that the Hearing Panel understand your personal views about Te Waikoropupū Springs. Please tell them below what's important to you::

Te Waikoropupu is a beautiful Taonga that we need to nurture and protect. I don't think more than that needs to be said.
 We need to be looking after these special places and show more respect for them.
 If the decision is made to risk the livelihood of this taonga I want someone to stand up and take responsibility for the damage it's going to cause. There should be consequences for these actions! For the consequence of losing it will be devastating for everyone, especially because we have an opportunity right now to look after it. Let's not look back in hindsight and think 'whoops, bad decision'.
 Time to start thinking straight and looking after our taonga.
