

Water Conservation Order: Te Waikoropupū Springs and Associated Waterbodies

Submission Reference no: 2068

Lois Moore

Submitter Type: Not specified

Source:

Clause

The specific parts of the application that my/our submission relates to are:

Notes

I support the Forest & Bird submission to grant the application. In particular I support measures for the wider catchment which will protect: the water clarity and purity, the scientific, ecological and biodiversity values, habitat for indigenous flora and fauna, cultural values, wild, scenic and natural characteristics. My submission relates to all of the application. I support the application. I seek that the Special Tribunal recommends granting the order to the Minister of the Environment. I do not want to present my views at the public hearing.

Clause

What is/are your view/s on the application?

Position

Support

Notes

Te Waikoropupū Springs are a very special and unique natural environment in New Zealand. They also have some of the clearest water in the world. The nitrate levels in the Springs are already increasing due to pollution from intensive farming. It would be a crime to further pollute the once pristine Te Waikoropupū Springs. We have more than enough dairy cows polluting water ways all over New Zealand.
