**Subject:** Submission from <https://action.forestandbird.org.nz/tewaikoropupu/>

**My submission:**

I support the Forest & Bird submission to grant the application. In particular I support measures for the wider catchment which will protect:

- the water clarity and purity
- the scientific, ecological and biodiversity values
- habitat for indigenous flora and fauna
- cultural values
- wild, scenic and natural characteristics

My submission relates to all of the application. I support the application. I seek that the Special Tribunal recommends granting the order to the Minister of the Environment. I do not want to present my views at the public hearing.

It's incredibly important that the Hearing Panel understand your personal views about Te Waikoropupū Springs. Please tell them below what's important to you::	These springs are only one tiny node in a global interconnected ecosystem that is struggling already thanks to the shortsighted and greedy actions of a small portion of the human race. We have an opportunity to protect and care for the systems that sustain us, here in aotearoa. I call for actions that will lead to the protection of these springs so they can continue to be a source of wonder and spiritual replenishment for centuries to come, and can continue to help sustain the blessed life we have here in aotearoa.
