

From: Forest & Bird New Zealand [REDACTED]
Sent: Tuesday, 13 March 2018 9:47 PM
To: [REDACTED]
Subject: Submission from <https://action.forestandbird.org.nz/tewaikoropupu/>

My submission:

I support the Forest & Bird submission to grant the application. In particular I support measures for the wider catchment which will protect:

- the water clarity and purity
- the scientific, ecological and biodiversity values
- habitat for indigenous flora and fauna
- cultural values
- wild, scenic and natural characteristics

My submission relates to all of the application. I support the application. I seek that the Special Tribunal recommends granting the order to the Minister of the Environment. I do not want to present my views at the public hearing.

It's incredibly important that the Hearing Panel understand your personal views about Te Waikoropupū Springs. Please tell them below what's important to you: I'm sure most older people in this country love to reminisce about "the good old days" when the rivers were safe to swim in, drink out of even! Our forests were a picture of beauty and our birds and wildlife were thriving. Yet look at us now, rivers polluted, birds being poisoned by 1080 along with other wildlife. It is absolutely disgusting this has been allowed to happen to our country! Our land is not for profit it's to create a home for future generations to come! As a 28 year old who has not long ago had my first son it saddens me too think he will not experience new Zealand as I did growing up. It angers me too think our country, our home has been destroyed for a minute amount of people to get rich. We have people in this country HOMELESS, who once upon a time could have easily lived off the land and thrived. When will it stop! How can we sit by and let our land be destroyed for profit!
